What are the key risks that are specific to the Issuer?

The Barclays Bank Group has identified a broad range of risks to which its businesses are exposed. Material risks are those to which senior management pay particular attention and which could cause the delivery of the Barclays Bank Group's strategy, results of operations, financial condition and/or prospects to differ materially from expectations. Emerging risks are those which have unknown components, the impact of which could crystallise over a longer time period. In addition, certain other factors beyond the Barclays Bank Group's control, including escalation of global conflicts, acts of terrorism, natural disasters, pandemics and similar events, although not detailed below, could have a similar impact on the Barclays Bank Group.

- **Material existing and emerging risks potentially impacting more than one principal risk:** In addition to material and emerging risks impacting the principal risks set out below, there are also material existing and emerging risks that potentially impact more than one of these principal risks. These risks are: (i) potentially unfavourable global and local economic and market conditions, as well as geopolitical developments; (ii) the impact of COVID-19; (iii) the impact of interest rate changes on the Barclays Bank Group's profitability; (iv) the competitive environments of the banking and financial services industry; (v) the regulatory change agenda and impact on business model; (vi) the impact of benchmark interest rate reforms on the Barclays Bank Group; and (vii) change delivery and execution risks.
- **Climate risk:** Climate risk is the impact on financial and operational risks arising from climate change through physical risks, risks associated with transitioning to a lower carbon economy and connected risks arising as a result of second order impacts of these two drivers on portfolios.
- **Credit and Market risks:** Credit risk is the risk of loss to the Barclays Bank Group from the failure of clients, customers or counterparties, to fully honour their obligations to members of the Barclays Bank Group. The Barclays Bank Group is subject to risks arising from changes in credit quality and recovery rates for loans and advances due from borrowers and counterparties. Market risk is the risk of loss arising from potential adverse change in the value of the Barclays Bank Group's assets and liabilities from fluctuation in market variables.
- **Treasury and capital risk and the risk that the Issuer and the Barclays Bank Group are subject to substantial resolution powers:** There are three primary types of treasury and capital risk faced by the Barclays Bank Group which are (1) liquidity risk – the risk that the Barclays Bank Group is unable to meet its contractual or contingent obligations or that it does not have the appropriate amount of stable funding and liquidity to support its assets, which may also be impacted by credit rating changes; (2) capital risk – the risk that the Barclays Bank Group has an insufficient level or composition of capital; and (3) interest rate risk in the banking book – the risk that the Barclays Bank Group is exposed to capital or income volatility because of a mismatch between the interest rate exposures of its (non-traded) assets and liabilities. Under the Banking Act 2009, substantial powers are granted to the Bank of England (or, in certain circumstances, HM Treasury), in consultation with the United Kingdom Prudential Regulation Authority, the UK Financial Conduct Authority and HM Treasury, as appropriate as part of a special resolution regime. These powers enable the Bank of England (or any successor or replacement thereto and/or such other authority in the United

Kingdom with the ability to exercise the UK Bail-in Power) (the "**Resolution Authority**") to implement various resolution measures and stabilisation options (including, but not limited to, the bail-in tool) with respect to a UK bank or investment firm and certain of its affiliates (as at the date of the Registration Document, including the Issuer) in circumstances in which the Resolution Authority is satisfied that the relevant resolution conditions are met.

- **Operational and model risks:** Operational risk is the risk of loss to the Barclays Bank Group from inadequate or failed processes or systems, human factors or due to external events where the root cause is not due to credit or market risks. Model risk is the potential for adverse consequences from decisions based on incorrect or misused model outputs and reports.
- **Conduct, reputation and legal risks and legal, competition and regulatory matters:** Conduct risk is the risk of poor outcomes for, or harm to customers, clients and markets, arising from the delivery of the Barclays Bank Group's products and services. Reputation risk is the risk that an action, transaction, investment, event, decision or business relationship will reduce trust in the Barclays Bank Group's integrity and/or competence. The Barclays Bank Group conducts activities in a highly regulated global market which exposes it and its employees to legal risk arising from (i) the multitude of laws and regulations that apply to the businesses it operates, which are highly dynamic, may vary between jurisdictions and/or conflict, and may be unclear in their application to particular circumstances especially in new and emerging areas; and (ii) the diversified and evolving nature of the Barclays Bank Group's businesses and business practices. In each case, this exposes the Barclays Bank Group and its employees to the risk of loss or the imposition of penalties, damages or fines from the failure of members of the Barclays Bank Group to meet their respective obligations, including legal, regulatory or contractual requirements. Legal risk may arise in relation to any number of the material existing and emerging risks summarised above.

KEY INFORMATION ON THE SECURITIES

What are the main features of the Securities?

Type and class of Securities being offered and admitted to trading, including security identification numbers

The Securities will be in the form of notes and will be uniquely identified by: Series number: NX00368700; Tranche number: 1; ISIN: XS2517373127; Common Code: 251737312.

The Securities will be cleared and settled through Euroclear Bank S.A./N.V. and/or Clearstream Banking, *société anonyme*.

Currency, specified denomination, issue size and term of the Securities

The Securities will be issued in EUR (the "**Issue Currency**") and settled in the same currency (the "**Settlement Currency**"). The Securities are tradable in nominal and the specified denomination per Security is EUR 1,000. The issue size is up to EUR 50,000,000. The issue price is 100.00% of the Specified Denomination.

The issue date is 16 August 2023 (the "**Issue Date**"). Subject to early termination, the Securities are scheduled to redeem on 17 February 2025 (the "**Scheduled Settlement Date**").

Rights attached to the Securities

Potential return: The Securities will give each holder of Securities the right to receive potential return on the Securities, together with certain ancillary rights such as the right to receive notice of certain determinations and events and the right to vote on some (but not all) amendments to the terms and conditions of the Securities. The potential return will be in the forms of: (i) one or more Interest Amounts, and/or (ii) a Final Cash Settlement Amount, provided that if the Securities are early terminated, the potential return may be in the form of an Early Cash Settlement Amount instead.

Taxation: All payments in respect of the Securities shall be made without withholding or deduction for or on account of any UK taxes unless such withholding or deduction is required by law. In the event that any such withholding or deduction is required by law, the Issuer will, save in limited circumstances, be required to pay additional amounts to cover the amounts so withheld or deducted.

Events of default: If the Issuer fails to make any payment due under the Securities or breaches any other term and condition of the Securities in a way that is materially prejudicial to the interests of the holders (and such failure is not remedied within 30 days, or, in the case of interest, 14 days), or the Issuer is subject to a winding-up order, then (subject, in the case of interest, to the Issuer being prevented from payment for a mandatory provision of law) the Securities will become immediately due and payable, upon notice being given by the holder.

Limitations on rights:

Early redemption following certain disruption events or due to unlawfulness or impracticability: The Issuer may redeem the Securities prior to their Scheduled Settlement Date following the occurrence of certain disruption events or extraordinary events concerning the Issuer, its hedging arrangements, the Underlying Asset(s), taxation or the relevant currency of the Securities, or if it determines that an unlawfulness or impracticability event has occurred. In such case, investors will receive an "**Early Cash Settlement Amount**" equal to the fair market value of the Securities prior to their redemption.

Certain additional limitations:

- Notwithstanding that the Securities are linked to the performance of the Underlying Asset(s), holders do not have any rights in respect of the Underlying Asset(s).
- The terms and conditions of the Securities permit the Issuer and the Determination Agent (as the case may be), on the occurrence of certain events and in certain circumstances, without the holders' consent, to make adjustments to the terms and conditions of the Securities, to redeem the Securities prior to maturity, to monetise the securities, to postpone valuation of the Underlying Asset(s) or scheduled payments under the Securities, to change the currency in which the securities are denominated, to substitute the Underlying Asset(s), to substitute the Issuer with another permitted entity subject to certain conditions, and to take certain other actions with regard to the Securities and the Underlying Asset(s).

- The Securities contain provisions for calling meetings of holders to consider matters affecting their interests generally and these provisions permit defined majorities to bind all holders, including holders who did not attend and vote at the relevant meeting and holders who voted in a manner contrary to the majority.

Governing law

The Securities will be governed by English Law and the rights thereunder will be construed accordingly.

Description of the calculation of potential return on the Securities

Underlying Assets: The return on and value of the Securities is dependent on the performance of the following Underlying Asset(s):

Underlying Assets ^(Interest)	Type	Initial Price	Initial Valuation Date
EURO STOXX 50 [®] Index	Index	The closing price of the Underlying Asset on the Initial Valuation Date	16 August 2023

For the purposes of determining an Interest Amount, Underlying Assets shall mean the Underlying Assets^(Interest).

Calculation Amount: Calculations in respect of amounts payable under the Securities are made by reference to the "Calculation Amount", being EUR 1,000 per Security.

Determination Agent: Barclays Bank PLC will be appointed to make calculations and determinations with respect to the Securities.

A – Interest

The Interest Amount payable on each Security on each Interest Payment Date will be calculated in respect of each Interest Valuation Date and will depend on whether or not a Digital Down Trigger Event has occurred and is calculated as follows:

- (i) If a Digital Down Trigger Event has not occurred, the Interest Amount is calculated by multiplying the Fixed Interest Rate (being 5.00%) by the Calculation Amount; or
- (ii) Otherwise, the Interest Amount is calculated by multiplying the Global Floor (being 4.90%) by the Calculation Amount.

A "Digital Down Trigger Event", in respect of an Interest Valuation Date, shall be deemed to have occurred if the closing level of the Underlying Asset on any Observation Date is below the Interest Barrier.

Interest will be payable on the corresponding Interest Payment Date set out in the table below. Each Interest Valuation Date, Observation and Interest Barrier(s) is as follows:

Observation Date(s)	Interest Valuation Date(s)	Interest Payment Date(s)	Interest Barrier(s)
13 February 2025	13 February 2025	17 February 2025	100.00% of the Initial Price

B – Final Settlement

If the Securities have not otherwise redeemed, each Security will be redeemed on the Scheduled Settlement Date by payment of the Final Cash Settlement Amount.

The Scheduled Settlement Date may be postponed following the postponement of the Final Valuation Date due to a disruption event.

The Final Cash Settlement Amount is calculated by multiplying the Protection Level (being 100.00%) by the Calculation Amount.

Status of the Securities

The Securities are direct, unsubordinated and unsecured obligations of the Issuer and rank equally among themselves.

Description of restrictions on free transferability of the Securities

The Securities are offered and sold outside the United States to non-U.S. persons in reliance on Regulation S under the Securities Act and must comply with transfer restrictions with respect to the United States. Securities held in a clearing system will be transferred in accordance with the rules, procedures and regulations of that clearing system. Subject to the foregoing, the Securities will be freely transferable.

Where will the Securities be traded?

Application is expected to be made by the Issuer (or on its behalf) for the Securities to be admitted to trading on the regulated market of the Irish Stock Exchange Trading plc as Euronext Dublin.

What are the key risks that are specific to the Securities?

The Securities are subject to the following key risks:

- You may lose some or all of your investment in the Securities:** Investors are exposed to the credit risk of Barclays Bank PLC. As the securities do not constitute a deposit and are not insured or guaranteed by any government or agency or under the UK Government credit guarantee scheme, all payment or deliveries to be made by Barclays Bank PLC as Issuer under the Securities are subject to its financial position and its ability to meet its obligation. The Securities constitute unsubordinated and unsecured obligation of the Issuer and rank *pari passu* with each and all other current and future unsubordinated and unsecured obligations of the Issuer. The terms of the Securities do not provide for a scheduled minimum payment at maturity and as such, depending on the performance of the Underlying Asset(s), you may lose some or all of your investment. You may also lose some or all of your investment if: (a) you sell your Securities before their scheduled maturity or expiry; (b) your

Securities are early redeemed in certain extraordinary circumstances; or (c) the terms and conditions of your Securities are adjusted such that the amount payable or property deliverable to you is less than your initial investment.

- **There are risks associated with the valuation, liquidity and offering of the Securities:** The market value of your Securities may be lower than the issue price since the issue price may take into account the Issuer's and/or distributor's profit margin and costs in addition to the fair market value of the Securities. The market value of your Securities may be affected by the volatility, level, value or price of the Underlying Asset(s) at the relevant time, changes in interest rates, the Issuer's financial condition and credit ratings, the supply of and demand for the Securities, the time remaining until the maturity or expiry of the Securities and other factors. The price, if any, at which you will be able to sell your Securities prior to maturity may be substantially less than the amount you originally invested. Your Securities may not have an active trading market and the Issuer may not be under any obligation to make a market or repurchase the Securities prior to redemption. The Issuer may withdraw the public offer at any time. In such case, where you have already paid or delivered subscription monies for the relevant Securities, you will be entitled to reimbursement of such amounts, but will not receive any remuneration that may have accrued in the period between their payment or delivery of subscription monies and the reimbursement of the Securities

You are subject to risks associated with the determination of amount payable under the Securities: In order to receive the scheduled minimum amount at maturity, you must hold them until maturity. If the Securities are early redeemed, they may return less than the scheduled minimum amount, or even zero. The Securities bear interest at a rate that is contingent upon the performance of the Underlying Asset and may vary from one Interest Payment Date to the next. The Interest Amount is either a higher pre-determined Interest Amount or a lower Interest Amount, depending on whether the performance criteria are met. It is possible that you will receive the lower Interest Amount over the lifetime of the Securities.

- **Your Securities are subject to adjustments and early redemption:** Pursuant to the terms and conditions of the Securities, following the occurrence of certain disruption events or extraordinary events concerning the Issuer, its hedging arrangements, the Underlying Asset(s), taxation or the relevant currency of the Securities, the Determination Agent or the Issuer may take a number of remedial actions, including estimating the level of the Underlying Asset(s), substituting the Underlying Asset(s), and making adjustments to the terms and conditions of the Securities. Any of such remedial action may change the economic characteristics of the Securities and have a material adverse effect on the value of and return on the Securities. If no remedial action can be taken, or it is determined that an unlawfulness or impracticability event has occurred, the Issuer may early redeem the Securities by payment of an Early Cash Settlement Amount. If early redemption occurs, you may lose some or all of your investment because the Early Cash Settlement Amount may be lower than the price at which you purchase the Securities, or may even be zero. You will also lose the opportunity to participate in any subsequent positive performance of the Underlying Asset(s) and be unable to realise any potential gains in the value of the Securities. You may not be able to reinvest the proceeds from an investment at a comparable return and/or with a comparable interest or coupon rate for a similar level of risk.
- **Risks relating to Underlying Asset(s) that are equity indices:** Equity indices are composed of a synthetic portfolio of shares and provide investment diversification opportunities, but will be subject to the risk of fluctuations in both equity prices and the value and volatility of the relevant equity index. The Securities are linked to equity indices, and as such may not participate in dividends or any other distributions paid on the shares which make up such indices. Accordingly, you may receive a lower return on the Securities than you would have received if you had invested directly in those shares. The index sponsor can add, delete or substitute the components of an equity index at its discretion, and may also alter the methodology used to calculate the level of such index. These events may have a detrimental impact on the level of that index, which in turn could have a negative impact on the value of and return on the Securities.
- **Taxation risks:** The levels and basis of taxation on the Securities and any reliefs for such taxation will depend on your individual circumstances and could change at any time over the life of the Securities. This could have adverse consequences for you and you should therefore consult your own tax advisers as to the tax consequences to you of transactions involving the Securities.
- **Potential conflicts of interest:** Conflicts of interest may exist where Barclays Bank PLC or its affiliate: (i) acts in multiple capacities with respect to the Securities (e.g. acting as issuer, manager and determination agent) (ii) enters into hedging transactions to cover the Issuer's exposure to the relevant cash amounts to be paid or assets to be delivered under the Securities as these fall due; and (iii) uses price contributions from its trading desks as a pricing source for an Underlying Asset. In light of such conflicts, the actions taken or determinations made by Barclays Bank PLC or its affiliate in relation to the Securities may not always be in the best interest of the holders. In addition to hedging transactions, Barclays Bank PLC may trade on the Underlying Asset(s) in the ordinary course of its business. Such trading could affect the market price of the Underlying Asset(s), which may in turn materially adversely affect the value and return on your Securities.

Quais são os principais riscos específicos do Emitente?¹

O Grupo Barclays Bank identificou uma vasta gama de riscos aos quais os seus negócios estão expostos. Os riscos materiais são aqueles a que a administração presta particular atenção e que podem fazer com que a estratégia, os resultados das operações, a situação financeira e/ou as perspetivas do Grupo Barclays Bank sejam materialmente diferentes das expectativas. Os riscos emergentes são aqueles que têm componentes desconhecidas, e cujo impacto poderia cristalizar-se durante um período de tempo mais longo. Adicionalmente, outros fatores fora do controlo do Grupo Barclays Bank, incluindo o agravamento de conflitos globais, atos de terrorismo, catástrofes naturais, pandemias e eventos semelhantes, embora não detalhados abaixo, podem ter um impacto semelhante no Grupo Barclays Bank.

- **Riscos materiais existentes e emergentes com potencial impacto em mais do que um risco principal:** Para além dos riscos abaixo indicados, existem também riscos materiais existentes e emergentes que potencialmente têm impacto em mais do que um destes riscos principais. Estes riscos são: (i) as condições económicas e de mercado globais e locais potencialmente desfavoráveis, bem como desenvolvimentos geopolíticos; (ii) o impacto da Covid-19; (iii) o impacto da alteração das taxas de juro na rentabilidade do Grupo Barclays Bank; (iv) os ambientes competitivos da indústria bancária e dos serviços financeiros; (v) a agenda das alterações regulamentares e o impacto no modelo de negócio; (vi) o impacto das reformas das taxas de juro de referência sobre o Grupo Barclays Bank; e (vii) riscos de alteração do resultado e da execução.
- **Risco ambiental:** O risco ambiental é o impacto nos riscos financeiros e operacionais decorrentes das alterações climáticas através de riscos físicos, riscos associados à transição para uma economia hipocarbónica e riscos conexos decorrentes dos impactos de segunda ordem destes dois fatores nas carteiras.
- **Riscos de Crédito e de Mercado:** O risco de crédito é o risco de perda para o Grupo Barclays Bank decorrente do incumprimento por parte de clientes, consumidores ou contrapartes, das suas obrigações para com os membros do Grupo Barclays Bank. O Grupo Barclays Bank está sujeito a riscos decorrentes de alterações na qualidade de crédito e taxas de recuperação para empréstimos e adiantamentos devidos por mutuários e contrapartes. O risco de mercado é o risco de perda decorrente de uma potencial alteração adversa no valor dos ativos e passivos do Grupo Barclays Bank devido à flutuação das variáveis de mercado.
- **Risco de tesouraria e de capital e o risco de o Emitente e o Grupo Barclays Bank estarem sujeitos a poderes de resolução substanciais:** Há três tipos primários de risco de tesouraria e de capital enfrentados pelo Grupo Barclays Bank que são (1) risco de liquidez - o risco de que o Grupo Barclays Bank seja incapaz de cumprir as suas obrigações contratuais ou contingentes ou que não tenha o montante de financiamento e liquidez estáveis adequados para suportar os seus ativos, que também podem ser afetados por alterações de notação de crédito; (2) risco de capital - o risco de que o Grupo Barclays Bank tenha um nível ou composição de capital insuficiente; e (3) risco de taxa de juro na carteira bancária - o risco de que o Grupo Barclays Bank esteja exposto à volatilidade do capital ou dos rendimentos devido a um desfazamento entre as exposições às taxas de juro dos seus ativos e passivos (não negociados). Ao abrigo da Lei Bancária de 2009 (*Banking Act 2009*), são concedidos poderes substanciais ao Banco de Inglaterra (ou, em certas circunstâncias, ao Tesouro do Reino Unido (*HM Treasury*)), em concertação com a Autoridade de Regulamentação Prudencial do Reino Unido (*United Kingdom Prudential Regulation Authority*), a Autoridade de Conduta Financeira do Reino Unido (*UK Financial Conduct Authority*) e o Tesouro do

Reino Unido (*HM Treasury*), conforme o caso, como parte de um regime de resolução especial. Estes poderes permitem ao Banco de Inglaterra (ou a qualquer sucessor ou substituto deste e/ou outra autoridade no Reino Unido com a capacidade de exercer o Poder de Fiança do Reino Unido) (a “**Autoridade de Resolução**” (“*Resolution Authority*”)) implementar várias medidas de resolução e opções de estabilização (incluindo, entre outros, o instrumento de fiança) no que respeite a um banco ou empresa de investimento do Reino Unido e algumas das suas subsidiárias (à data do Documento de Registo, incluindo o Emitente), em circunstâncias em que a Autoridade de Resolução considera que estão preenchidas as condições de resolução pertinentes.

- **Riscos operacionais e de modelo:** O risco operacional é o risco de perda para o Grupo Barclays Bank devido a processos ou sistemas inadequados ou falhados, fatores humanos ou devido a eventos externos em que a causa principal não seja devida a riscos de crédito ou de mercado. O risco de modelo é a possibilidade de consequências adversas de decisões baseadas em resultados e relatórios de modelos incorretos ou mal utilizados
- **Riscos de conduta, de reputação e jurídico e medidas legais, de concorrência e regulamentares:** O risco de conduta é o risco de se apurarem maus resultados, ou danos para os consumidores, clientes e mercados, decorrente do desempenho dos produtos e serviços do Grupo Barclays Bank. Risco de reputação é o risco de que uma ação, transação, investimento, evento, decisão ou relação comercial venha a reduzir a confiança na integridade e/ou competência do Grupo Barclays Bank. O Grupo Barclays Bank conduz atividades num mercado global altamente regulamentado que o expõe a riscos legais decorrentes (i) da multiplicidade de leis e regulamentos aplicáveis aos negócios que opera, que são altamente dinâmicas, podem variar e/ou conflitar entre jurisdições, e podem ser pouco claras na sua aplicação a circunstâncias particulares, especialmente em áreas novas e emergentes; e (ii) a natureza diversificada e evolutiva dos negócios e práticas comerciais do Grupo Barclays Bank. Em qualquer caso, o Grupo Barclays Bank fica exposto ao risco de perda ou à imposição de sanções, danos ou multas pelo fracasso dos membros do Grupo Barclays Bank em cumprir as respetivas obrigações, incluindo requisitos legais, regulatórios ou contratuais. O risco legal pode surgir em relação a uma série de fatores de risco materiais existentes ou emergentes, resumidos acima.

Descrição do cálculo do potencial retorno sobre os Valores Mobiliários

Ativos subjacentes: O retorno sobre e o valor dos Valores Mobiliários dependem do desempenho do seguinte "Ativo Subjacente":

Ativo Subjacente _(Juros)	Tipo	Preço Inicial	Data da Avaliação Inicial
EURO STOXX 50® Index	Índice	O preço de fecho do Ativo Subjacente na Data de Avaliação Inicial	16 de Agosto de 2023

Para efeitos de determinação de um Montante de Juros, entende-se por Ativo Subjacente o Ativo Subjacente_(Juros).

Montante de cálculo: Os cálculos referentes aos valores a pagar de acordo com os Valores Mobiliários são feitos por referência ao Montante do Cálculo, sendo EUR 1,000 por cada Valor Mobiliário.

Agente de Determinação: O Barclays Bank PLC será nomeado para fazer cálculos e determinações em relação aos Valores Mobiliários.

A – Juros

O Montante de Juros a pagar sobre cada Valor Mobiliário em cada Data de Pagamento de Juros será calculado relativamente a cada Data de Avaliação de Juros e dependerá de um Evento *Digital Down Trigger* ter ou não ocorrido e é calculado, conforme se segue:

- (i) Se um Evento *Digital Down Trigger* não tiver ocorrido, o Montante dos Juros é calculado multiplicando a Taxa de Juros Fixa (sendo de 5,00%) pelo Montante de Cálculo; ou
- (ii) Caso contrário, o Montante dos Juros é calculado, multiplicando o Mínimo Global (sendo de 4,9%) pelo Montante de Cálculo.

Um "Evento *Digital Down Trigger*", relativamente a uma Data de Avaliação de Juros, será considerado como tendo ocorrido se o nível de fecho do Ativo Subjacente em qualquer Data de Observação estiver abaixo da Barreira de Juros.

Os juros serão pagáveis na Data de Pagamento de Juros correspondente, indicada na tabela abaixo. Cada Data de Avaliação de Juros e Barreira(s) de Juros é(são) conforme segue:

Data(s) de Observação	Data(s) de Avaliação de Juros	Data(s) de Pagamento de Juros	Barreira(s) de Juros
13 de Fevereiro 2025	13 de Fevereiro 2025	17 de Fevereiro 2025	100,00% do Preço Inicial

B - Liquidação final

Se os Valores Mobiliários não tiverem sido resgatados de outra forma, cada Valor Mobiliário será resgatado na Data de Liquidação Programada mediante o pagamento do Montante Final da Liquidação em Numerário. A Data de Liquidação Programada pode ser adiada após o adiamento da Data de Avaliação Final devido a um evento de interrupção.

O Montante Final da Liquidação em Numerário é calculado multiplicando o Nível de Proteção (sendo 100,00%) pelo Montante de Cálculo

Quais são os principais riscos que são específicos aos Valores Mobiliários?

Os Valores Mobiliários estão sujeitos aos seguintes riscos principais:

Poderá perder parte ou todo o seu investimento nos Valores Mobiliários: Mesmo que os seus Valores Mobiliários sejam reembolsáveis ao par, poderá perder até ao valor total do seu investimento se o Emitente falhar ou for incapaz de cumprir as suas obrigações de pagamento ou entrega. Poderá também perder parte ou a totalidade do seu investimento se: (a) vender os seus Valores Mobiliários antes do seu vencimento ou expiração previsto(a); (b) os seus Valores Mobiliários forem antecipadamente resgatados em determinadas circunstâncias extraordinárias; ou (c) os termos e condições dos seus Valores Mobiliários forem ajustados de forma a que o montante a pagar ou os bens que lhe podem ser entregues sejam inferiores ao seu investimento inicial.

Existem riscos associados à avaliação, liquidez e oferta dos Valores Mobiliários: O valor de mercado dos seus Valores Mobiliários pode ser menor que o preço de emissão, uma vez que o preço de emissão pode ter em consideração a margem de lucro e os custos do Emitente e/ou distribuidor, além do valor justo de mercado dos Valores Mobiliários. O valor de mercado dos seus Valores Mobiliários poderá ser afetado pela volatilidade, nível, valor ou preço dos Ativo(s) Subjacentes no momento relevante, por alterações às taxas de juros, pela condição financeira e classificações de crédito do Emitente, pela oferta e procura dos Valores Mobiliários, o tempo restante até o vencimento ou maturidade dos Valores Mobiliários e outros fatores. O preço, se algum, pelo qual poderá vender os seus Valores Mobiliários antes da maturidade pode ser substancialmente menor do que o valor que investiu inicialmente. Os seus Valores Mobiliários poderão não ter um mercado de negociação ativo e o Emitente poderá não ter nenhuma obrigação de criar um mercado ou de voltar a comprar os Valores Mobiliários antes do resgate. O Emitente pode retirar a oferta pública a qualquer momento. Nesse caso, se já tiver pagado ou entregue o dinheiro da subscrição dos Valores Mobiliários relevantes, terá direito ao reembolso desses montantes, mas não receberá qualquer remuneração que possa ter sido acumulada no período entre o seu pagamento ou entrega do dinheiro da subscrição e o reembolso dos Valores Mobiliários.

Está sujeito a riscos associados à determinação do montante a pagar sob os Valores Mobiliários: Para receber o montante mínimo programado na data de vencimento, deve conservá-los até à data de vencimento. Os Valores Mobiliários vencem juros a uma taxa que está dependente do desempenho do Ativo Subjacente e pode variar de uma Data de Pagamento de Juros para a seguinte. O Montante dos Juros é um Montante de Juros pré-determinado mais alto ou um Montante de Juros mais baixo, dependendo do cumprimento dos critérios de desempenho. É possível que receba o Montante de Juros mais baixo durante a vida útil dos Valores Mobiliários.

Os seus Valores Mobiliários estão sujeitos a ajustes e ao resgate antecipado: De acordo com os termos e condições dos Valores Mobiliários, após a ocorrência de certos eventos de interrupção ou eventos extraordinários relacionados com o Emitente, os seus acordos de cobertura de posições, Ativos Subjacentes, tributação ou a divisa relevante dos Valores Mobiliários, o Agente de Determinação ou o Emitente poderão tomar um conjunto de ações corretivas, incluindo a estimativa do nível dos Ativo(s) Subjacentes, substituição dos Ativo(s) Subjacentes e ajustes nos termos e condições dos Valores Mobiliários. Qualquer uma dessas medidas corretivas pode alterar as características económicas dos Valores Mobiliários e ter um efeito adverso relevante no valor e no retorno dos Valores Mobiliários. Se nenhuma ação corretiva puder ser tomada ou se for determinado que ocorreu um evento de ilegalidade ou impraticabilidade, o Emitente poderá resgatar antecipadamente os Valores Mobiliários mediante o pagamento de um Valor de Liquidação Antecipada. Se ocorrer um resgate antecipado, poderá perder parte ou todo o seu investimento porque o Montante da Liquidação Antecipada em Numerário poderá ser menor que o preço pelo qual comprou os Valores Mobiliários, podendo inclusive ser zero. Perderá também a oportunidade de participar em qualquer desempenho positivo subsequente dos Ativos Subjacentes e não poderá obter quaisquer ganhos potenciais no valor dos Valores Mobiliários. Poderá não conseguir reinvestir os recursos de um investimento com um retorno comparável e/ou com uma taxa de juros ou de cupão comparável para um nível de risco semelhante.

• **Riscos relacionados ao (s) ativo (s) subjacente (s) que são índices de ações:** os índices de ações são compostos por uma carteira sintética de ações e fornecem oportunidades de diversificação de investimento, mas estarão sujeitos ao risco de flutuações nos preços das ações e no valor e volatilidade dos respetivos índice de ações. Os Valores Mobiliários estão atrelados a índices de ações e, como tal, não podem participar de dividendos ou quaisquer outras distribuições pagas sobre as ações que compõem tais índices. Consequentemente, você pode receber um retorno sobre os Valores Mobiliários menor do que teria recebido se tivesse investido diretamente nessas ações. O patrocinador do índice pode adicionar, excluir ou substituir os componentes de um índice de ações a seu critério, e também pode alterar a metodologia usada para calcular o nível desse índice. Estes eventos podem ter um impacto prejudicial no nível desse índice, o que, por sua vez, pode ter um impacto negativo no valor e na rentabilidade dos Valores Mobiliários.

- **Riscos de tributação:** os níveis e a base da tributação dos Valores Mobiliários e quaisquer isenções para tal tributação dependerão das suas circunstâncias individuais e podem mudar a qualquer momento durante a vida dos Valores Mobiliários. Isso pode ter consequências adversas para você e, portanto, você deve consultar seus próprios consultores tributários quanto às consequências fiscais para você de transações envolvendo os Valores Mobiliários.
- **Potenciais conflitos de interesse:** Podem existir conflitos de interesse onde o Barclays Bank PLC ou a sua afiliada: (i) atue em múltiplas capacidades em relação aos Valores Mobiliários (por exemplo, atuando como emitente, gestor e agente de determinação); (ii) realize transações de cobertura para cobrir a exposição do Emitente aos montantes em numerário relevantes a pagar ou ativos a entregar ao abrigo dos Valores Mobiliários à medida que estes se vençam; e (iii) utilize as contribuições de preços das suas mesas de negociação como fonte de preços para um Ativo Subjacente. À luz de tais conflitos, as ações tomadas ou determinações feitas pelo Barclays Bank PLC em relação aos Valores Mobiliários podem não ser sempre no melhor interesse dos titulares. Para além das transações de cobertura, o Barclays Bank PLC pode negociar no(s) Ativo(s) Subjacente(s) no curso normal dos

seus negócios. Tais transações podem afetar o preço de mercado do(s) Ativo(s) Subjacente(s), o que, por sua vez, pode afetar de forma materialmente adversa o valor e o retorno dos seus Valores Mobiliários.
